Subject: Help!

*Hi there!
How're you doing? What have you been up to lately?
Sorry for not writing for a while, but I've been up to my eyes in work for the last 4 months... and you know what? I've got a promotion!
Now, down to the bad news, I've been posted to our Spanish branch in Seville. And I can't speak a word of Spanish! I need to learn fast, because I'm moving there in 3 months! The thing is I can't go to lessons, because, you know, the twins are only 2, and I have no spare time at all. Have you ever done an online language course? Do you think they work? What's the hardest thing to master when learning a language? Any tips to learn fast?
Oh gosh! I was thrilled to bits when they told me...and now I'm so stressed out.
